

AI Readiness Assessment Report

Comprehensive analysis and strategic recommendations
Organization: Technology Solutions, Inc.

Executive Summary

63

OVERALL SCORE

out of 100

Fair

READINESS LEVEL

AI implementation readiness

Your organization has a fair foundation for AI implementation. Basic capabilities are in place, significant improvements will be needed before proceeding with AI initiatives.

Priority Action Items

1.

Data Quality & Access

Current Score: 2.3/5

Start with basic data inventory and implement data governance.
2.

System Integration

Current Score: 2.5/5

Evaluate current system APIs and plan integration with new AI tools.
3.

Budget & Resources

Current Score: 3.0/5

Secure additional budget for AI infrastructure and training.

Detailed Dimension Analysis

Technology Infrastructure

4.3/5

ASSESSMENT:
Strong performance with excellent foundation for AI implementation. This dimension shows readiness for advanced AI initiatives.

RECOMMENDATION:
Consider upgrading to AI-optimized compute instances for better performance.

Data

ASSESSMENT:
Significant improvements identified. Foundation for capabilities implementation.

RECOMMENDATION:
Priority focus on data quality and governance.

Team AI Literacy

3.5/5

ASSESSMENT:
Moderate performance with good potential. Some improvements needed to optimize AI implementation success.

RECOMMENDATION:
Invest in targeted AI training programs for key team members.

System Integration

ASSESSMENT:
Moderate potential. Significant work needed to optimize integration with existing systems.

RECOMMENDATION:
Review integration plan for AI tools and legacy systems.

Budget & Resources

3.0/5

ASSESSMENT:
Moderate performance with good potential. Some improvements needed to optimize AI implementation success.

RECOMMENDATION:
Allocate additional resources for AI infrastructure and training.

Data Privacy

ASSESSMENT:
Moderate potential. Significant work needed to optimize privacy and security measures.

RECOMMENDATION:
Strengthen privacy framework and ensure compliance with regulations.
